CULTIVATING CONNECTIONS

TA' LAZZRU

Ta' Lazzru Farm

Luqa, Malta

INTRO DUCTION

Our farm has been a part of our family's story for over a century, and we're excited to share that tradition to life for you. We blend our long-standing farming heritage with a fresh, modern perspective, creating a welcoming space where learning and passion go hand in hand. We can't wait to share our passion and make your visit truly special!

ABOUT US

As a family-owned and women-run business in Luqa, Malta, we take pride in our rich heritage. Established 116 years ago, our farm boasts a historic farmhouse and well-preserved artifacts.

Our vision is to lead in educating youth about farming, modern food practices, and Maltese heritage, while showcasing women's excellence in these roles and paving the way for the future of urban farming.

THE TEAM

OUR CONCEPT

At Ta' Lazzru Farm, we create meaningful experiences that reconnect people with the land; a refreshing change from screens, schedules, and office walls.

Our farm offers a space where teams can slow down, breathe, and rediscover the simple power of working with their hands and minds in nature. Surrounded by open fields and fresh air, participants are invited to step out of their everyday roles and experience collaboration in its truest form — practical, creative, and human.

Teamwork lies at the heart of every farm. From planting to harvesting, every task depends on shared effort, trust, and rhythm. At Ta' Lazzru, we translate these values into immersive activities that strengthen communication and connection. Whether it's tending the soil, preparing a meal together, or tackling a hands-on challenge, each experience reminds participants that growth — in the field or at work — flourishes when we work side by side.

COMMUNITY FARMING

CONNECTING WITH THE LAND

Strengthen connections with a hands-on farm day. Engage in light tasks like weeding, planting, or harvesting—whatever the farm needs that day. A great way to step away from the office, foster teamwork, and reconnect with nature.

Conclude your experience with a meal from our shared menu options.
Minimum of 15 people.

ARTISANAL DELIGHTS

CRAFTING FRESH, HOMEMADE

Explore the world of farm-based culinary artistry with hands-on workshops. Our artisanal workshop focuses on traditional, sustainable techniques using fresh, natural ingredients straight from the farm.

The workshop also focuses on learning about food preservation without any artificial additives.

Workshop options include:

Seasonal farm preserves - learn the craft of pickling, jam-making, and more. The workshop concludes with a team meal.

Small group setting for an intimate learning experience (between 12-25/30 guests)

FARM FRESH BEAUTY

PURE INGREDIENTS, NATURAL GLOW

Step into the world of traditional soap-making, an ancient craft that has long played a vital role in maintaining hygiene – especially for farmers working closely with the earth and natural elements. In this hands-on workshop, participants will use carefully selected natural plants, herbs, and other wholesome ingredients to create their own artisanal soaps.

Beyond simply making soap, the workshop will guide you through the fascinating process of saponification – the chemical transformation that turns oils and lye into cleansing bars. Along the way, you'll learn how different ingredients influence texture, fragrance, and skin benefits, and gain a deeper appreciation for how farmers historically combined science and nature to care for their hands and bodies while working the land. By the end, you'll take home not just your own handcrafted soap, but also a greater understanding of this timeless craft that blends tradition, chemistry, and creativity.

The workshop concludes with a team meal.

Small group setting for an intimate learning experience (between 12- 25 guests)

Available at €55 per person including a 3-course meal, or €35 per person for the workshop experience only.
